Cause and Effect Relationships

Name: _____ Date: _____

📖 Read the passage carefully:

It had been raining heavily all morning, so the school field was covered in muddy puddles. The Year 4 class was disappointed because their sports day had to be postponed. Mrs. Chen decided to cheer everyone up by organising indoor games instead.

During the games, Tom was running too fast around the corner and slipped on the polished floor. He wasn't hurt, but his knee was a bit sore. The teacher reminded everyone to walk carefully inside the classroom.

Meanwhile, Sarah had forgotten her lunch at home because she had rushed out the door that morning. Her friend Emma noticed Sarah looked sad and kindly shared half of her sandwich. This made Sarah smile, and the two friends enjoyed their lunch together.

Part A: Match the cause with its effect

Draw a line to connect each cause on the left with its effect on the right.

Cause	Effect
1. It rained heavily all morning	A. Sarah smiled and felt happy
2. Tom ran too fast inside	B. Sports day was postponed
3. Sarah rushed out the door	C. She forgot her lunch
4. Emma shared her sandwich	D. He slipped on the floor

Part B: Complete the sentences

Fill in the blanks to show the cause and effect relationships.

1. **Because** the field was muddy, _____

   _____

2. The teacher reminded students to walk carefully **because** _____

   _____

3. **Since** Sarah forgot her lunch, _____

   _____

Part C: Write your own

Think of a cause and effect from the story or create your own based on the passage.

Cause: _____

_____

Effect: _____

_____
